

Rocosoft UVCCam™ USB PTZ Camera Controller

Rocosoft UVC Camera Controller allows users to control USB PTZ cameras directly from a PC or any Live Production system. UVC PTZ cameras support both video and control through the same USB cable - no extra control cables needed!

Works with UVC cameras that use both—Relative and Absolute control.

Control your cameras locally or from any device with a web browser over a LAN, WAN or Wi-Fi Network.
